Idly koger

Her en kort vejledning til hvordan man bruger en idly koger:

1. Tag idly kogerens og hæld vand i, så det ikke når idly pladerne.
2. Brug en klud eller køkkenpair til at smøre idly pladerne med olie, dette for at forhindre idlyen i at klistre.
3. Placerer idly pladerne i kogerens, sørg for at pladerne ikke nå vandet.
4. Put låg på, og lad det dampe/koge i ca. 20 min.
